LEADERS *of* LIGHT

BETH RIVKAH'S NEW LEADERSHIP CAMPUS

*"The world our children will
inherit tomorrow is born in the
schools we build today."*

— Rabbi Lord Jonathan Sacks, z"l

OUR STORY

For more than 80 years, more than three generations, Beth Rivkah has educated Jewish women who now serve as **educators, shluchos, principals, mentors, and community leaders** across the world.

What began in 1941 as a small storefront classroom has grown into one of the world's leading institutions for Jewish girls' education. Today, nearly **3,000 students attend Beth Rivkah annually**, while more than 7,000 alumnae serve as educators, leaders, and changemakers in Jewish communities across six continents.

Beth Rivkah combines strong Torah values, Jewish identity, leadership development, and professional educational training to help prepare the emerging generation of Jewish educators and women leaders.

A CRITICAL MOMENT FOR JEWISH EDUCATION

Jewish communities worldwide are facing a growing shortage of qualified educators and women leaders at the exact moment demand for Jewish education is rising dramatically.

Following the rise in antisemitism and growing concerns about Jewish identity and continuity, more families are turning to Jewish schools seeking connection, values, and a stronger sense of belonging.

Communities are asking

Who will teach the next generation?

Who will inspire Jewish pride and identity?

Who will help strengthen the future of Jewish life?

Beth Rivkah is stepping forward to meet that need.

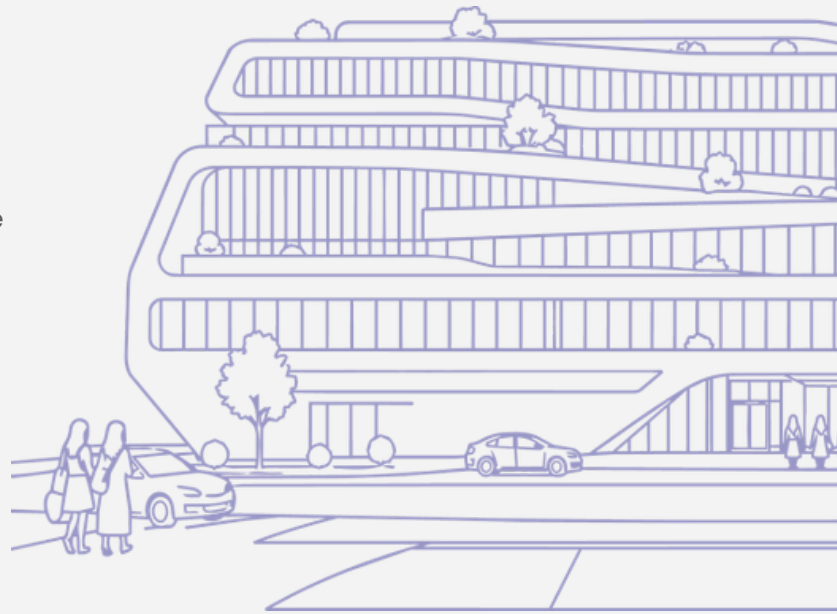

GLOBAL CAMPUS FOR JEWISH WOMEN'S LEADERSHIP

Beth Rivkah is undertaking a **transformational two-phase, \$40 million Global Campus for Jewish Women's Leadership** to address the growing shortage of Jewish educators, shlichos, and community leaders. This initiative will educate, mentor, and inspire thousands of future Jewish leaders who will strengthen Jewish communities worldwide.

The campus will support:

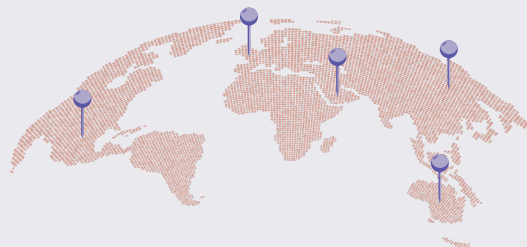

- Seminary studies
- Teacher training programs
- Leadership development initiatives
- Advanced Jewish learning
- Mentorship and educational innovation
- Professional training in Jewish education and pedagogy

A STRATEGIC INVESTMENT IN THE JEWISH FUTURE

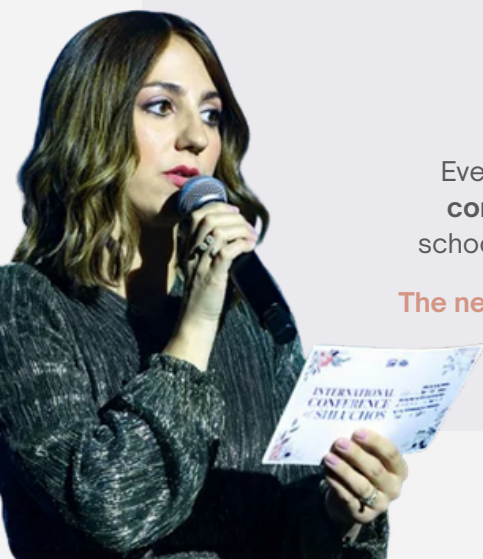

This campus is more than a building project.

It is an investment in the future leadership infrastructure of the Jewish people.

Every Beth Rivkah graduate becomes a **force multiplier for Jewish continuity** — teaching children, mentoring families, strengthening schools and campuses, and **inspiring communities around the globe**.

The new campus will help expand that impact for generations to come.
